Sample Report

Client: Prism Analytical Technologies

COC: 6010
Laboratory ID: 6010-1

Sampled By: Alex Carter
Project: J Cantrell 2258
Location: 485 W. Maple Ave.
Boston, MA 25478

Received Date: 10/21/2020
Approved Date: 10/21/2020
Scanned Date: 10/22/2020
Report Date: 10/26/2020

Client Sample ID: Office
Volume: 24.4 L
Date Sampled: 10/19/2020
Sample Type: TDT 154J

A2-TVOC TDT Analysis

TVOC determined as described in ISO method 16000-6 (modified).

Compound	Sample Concentration	Reporting Limit	Additional Information
	ng/L	ng/L	
Total VOCs	1800	200	Total volatile organic compounds calculated based on internal standard ratio; does not include C1, C2, or methanol.

These results pertain only to this sample as it was collected and to the items reported.
These results have been reviewed and approved by the Laboratory Director or authorized representative.

Alice E. Delia, Ph.D., Laboratory Director
